The Cleaning Show 2019

Disposal and recycling of assets can be a costly process. By utilising the services WasteMatch can provide such as our portal, network of charities and organisations your business/organisation you can enjoy significant cost savings from changes or moves.

A sustainable and environmental solution for asset management. WasteMatch believes in keeping assets in use for as long as possible by turning waste into a resource by matching surplus assets to requirements.

With access to our charity network across the UK we have the flexibility to find the most suitable, sustainable and environmental disposal for your assets. As a result our nationwide network can achieve and exceed your sustainability targets year-on-year.

OUTCOMES OVERVIEW

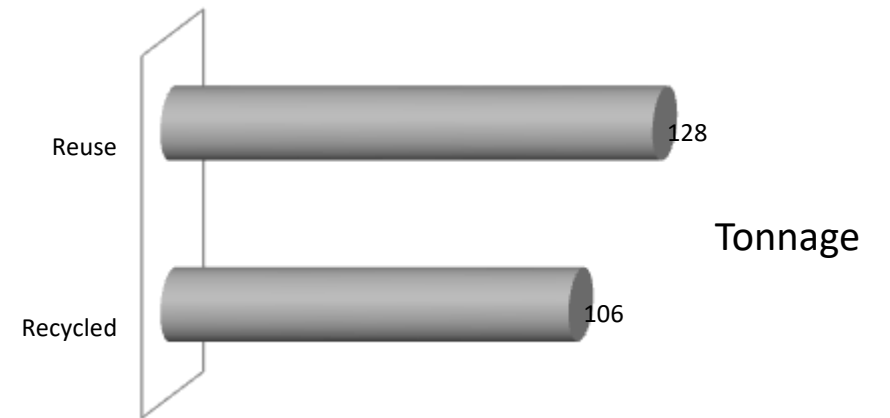

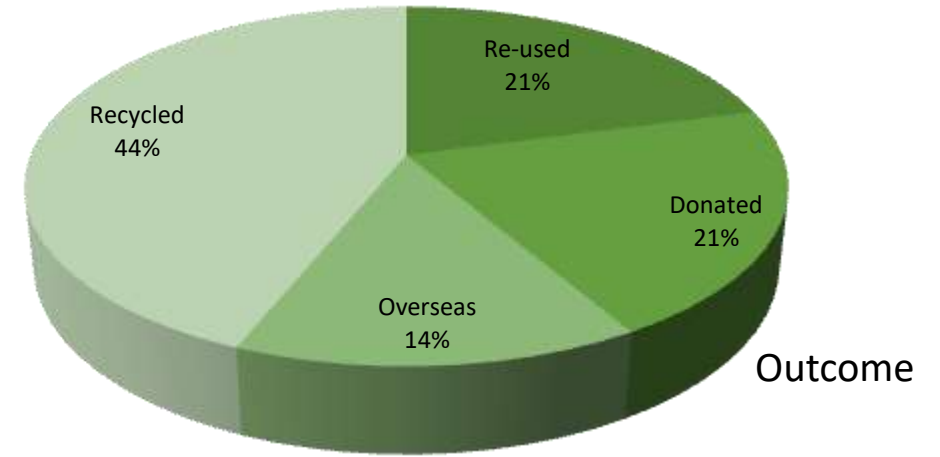

The following key outcomes were achieved:

- Cleared within allocated timescales
- Value recovered from usable assets
- 44% reuse of assets by volume
- 45% reuse of assets by weight
- 12 charities supported
- 36% of assets went for charitable reuse
- Zero to landfill
- Concluded at the fixed price with no additional savings accrued

ITEMS BEING DONATED

Between the 7 charities who are receiving support they are collectively reusing 145 items of furniture.

This equates to a saving to the charities of approx. £15,000.

Equivalent to around 7 tonnes of furniture diverted from waste into charitable reuse.

Q & A

Waste Match – the cleaning show 2019

- Not rocket science - Relocating real estate for years – surplus furniture was disposed of into landfill or sold off or firms asked relocation teams to “get rid of it”!
- So what has changed – certainly the general push towards environmentally friendly practises and corporates CSR / ESG objectives are part of corporate strategy – image / newspaper test!
- Mindful of this corporates do not want to pay through the roof - Thus a balance is required between reuse strategies involving sale / donation need to be balanced
- Risk management and planning – raising the perception of what we do – Waste Match or cleaning
- Lease costs / image / focus on new building less on old
